Re: Financial Action Task Force (FATF) Public Statements on Jurisdictions Under

Increased Monitoring Pursuant to the Proceeds of Crime Act, 2018

Pursuant to sections 6(3)(b) and 6(3)(d) of the Proceeds of Crime Act, 2018, the National Identified Risk Framework Coordinator has requested that the Insurance Commission of The Bahamas ("the Commission") circulate the following Notice regarding the Public Statements issued by the Financial Action Task Force in February 2024, identifying jurisdictions that have been placed under increased monitoring.

Jurisdictions Under Increased Monitoring are those jurisdictions actively working with the FATF to address strategic deficiencies in their regimes to counter money laundering, terrorist financing and proliferation financing. These jurisdictions include: Bulgaria, Burkina Faso, Croatia, Democratic Republic of Congo, Jamaica, Kenya, Mali, Mozambique, Namibia, Nigeria, Philippines, Senegal, South Africa, South Sudan, Tanzania, and Türkiye. Cameroon, Haiti, Syria, Vietnam and Yemen chose to defer reporting.

Licensees are not being asked to apply enhanced due diligence measures but should consider the ML/TF/PF risk associated with these jurisdictions when maintaining business relationships and conducting transactions with the listed jurisdictions. In that regard, when conducting their risk analysis, Licensees should refer to the information on the country which can be found at the following link below:

Jurisdictions under Increased Monitoring - 23 February 2024 (fatf-gafi.org)

Companies must report to the Commission, in writing, that in the performance of their risk analysis, they have taken into consideration all ML/TF/PF risks associated with the jurisdictions listed in the above Public Statement.

A copy of the Notice on Jurisdictions Under Increased Monitoring, can also be found on the Commission's website under Announcements and Notices (Alerts).
